

## IN THE DRAWING

Please substitute the single accompanying “Replacement” drawing sheet, containing FIGS 1a, 1b, 1c, 1d and 1e for the single drawing sheet of record.

The concurrently-filed “Replacement Sheet” of drawing figures has been amended to illustrate the “handle” of the claimed invention, which has been given reference numeral “20.” The *Specification* is also being amended to conform to the instant drawing amendment.

As part of the final Office Action, issued December 10, 2008, the Examiner had objected to the original drawing figures of record, pursuant to 37 C.F.R. §1.83(a), on the ground the “handle” of the invention was recited in the claims, but not shown in the drawing figures. Applicant, having now filed an amended “Replacement” drawing figure showing the “handle,” respectfully requests that the drawing objection of the final Office Action now be withdrawn.

The drawing figures have also been amended to eliminate the dark shadings present in the original-filed drawing figures of record, as recommended by the Examiner.
